

ZELMIC

HELPS YOU INNOVATE

ZELMIC AT A GLANCE

YOUR TOPICAL CRO PARTNER

Zelmic is a proven and reliable CRO partner combining regulatory and scientific knowledge in a fast, flexible and quality-focused organization. Our experts in semisolids are focused entirely on topical formulations and drug delivery and can lead you through the entire development process. We are located in Lund, Sweden, one of the top science hubs in Europe conveniently connected with Copenhagen and Stockholm, and home to numerous life science companies.

WHEN YOU WANT...

- A working pharmaceutical formulation
- Flexible, high quality lab service
- Professional, personal attention
- Dependable delivery according to plan
- Innovation and strategy for patent protection
- In-house IVPT & IVRT in a GMP environment
- Specialists in topical pharmaceuticals

WHY CHOOSE US?

Our profound expertise in the topical formulation niche is a strong differentiator. Unlike other CROs, topical formulations and generics are ALL we do. Our successes include numerous projects in the pre-clinical phase that were quickly taken to the clinical study.
